Thread: [How much do you guys make trading crypto](#)

Net Hustler - October 6, 2020, 11:28 am

I have not heard about any profit's from crypto trading i have seen the people who became millionaire's from investing but are any of you long time trader's what are your profit's like?

Kill Joy - October 6, 2020, 1:58 pm

I was a long term trader and no longer in. Like a large majority of investments, your profits are generally larger by being patient and letting your wealth grow instead of constantly trading them around risking it on swing trades. If you can wait 5, 10, 15 years, you can expect some nice returns from your investment.
