Thread: [BustaBit Dice Script \(Make 100+ a day\)](#)

GamersGodlyReturns - October 8, 2020, 4:59 am

[color=#E82A1F]Hello, I have purchased ownership rights to be able to sell this here, and I wish to get my own review/vouches and then proceed with sales and hopefully provide the support to my customers as you need it and make you happy!! I will be looking for a graphics sales thread and will change this thread completely, currently on mobile until I get my laptop returned from being fixed here in a few days.

This product will include scripts, and also a Ebook along with it, that will explain how you can make good easy profits with less risk and gains to your advantage!! As with any bets, if you are greedy you can certainly lose... But follow my personalized tips and tricks and you will profit easily and triple your investment with hours.

Price per copy: \$25

Payment methods:

Cash app ,

Btc

For trusted members - PayPal.

My contact is here through PM, or discord: GamersGodly#1426

I will give a vouch copy to a trusted member sometime today when Im available.

If you can so sales thread designs, pm me. ON MOBILE next few days till Monday so apologize if any inconveniences, I'm efficient on laptop mostly.

Thank you. Sorry for shitty thread layout, will be upgraded soon!

You should be posting the minimun to make it work, also payment proofs would be better to make sales, remember theres plenty of posts with busta scripts that are dead by now,

yet Good Luck With Sales!
