In the contract you see all the options promised by the seller, 1 botnet with ammy hrdp and all the functions in the list. after paying the agreed value of 1600usd, it disappeared 24hr, then sent 3 unlicensed, cracked builders.

1 neutrino

2 diamond fox

3 ocrus.

all old version and with bag, all 3 builders do not include ammy, crypto, ransomware etc ...

conclusion. HAVE SCAMM ME, sent shit instead of sending nothing. if any one need this 3 builder i can sell super cheap for try recover some money.

NEVER BUY FROM THIS SELLER, LIER AND ARROGANT

B4st4rd - October 9, 2020, 1:39 pm

wow, now i confirm have scam me.u are idiot really, on chat u said telegram channel are scammer, but i paid to u, not channel, channel cant message, so now confirm u get 1600\$ from me?

1 no domain are locked i never load bots, becouse i no will play with cracked old botnet of 2015 without any future i pay.

2 if u have the botnet, 1 botnet with all future of contract, just paste file on private message, and admin will check she shit u send.

so stop play. i never will recovery this money i know, but hope will save other person after read this review, dont have lie for save u this time.

all people here with a little experience know neutrino, diamond fox and ocrut, and all this builder are old 5 years, cracked, nd sure dont have crypto, ransomware, ammy and your f*****m**** so use this 1600\$ for your medicine.

You guys seriously need to brush up on your language skills. I can't properly argue this dispute because I can't understand what you're saying.

If he was a multi of b4st4rd and supr3 why would he expose himself like that? He literally said supr3 was b4st4rd's multi. Just because he negged you doesn't mean he's the same guy who scammed you, are you stupid? Really want to see this "proof" you have.

Damn you're even more stupid than I thought, just throwing random accusations out of your ass, should try learning some english first :).. Also staff doesn't get involved in deal disputes, so good luck with that. I'm guessing you're gonna say I'm another one of b4st4rd's multis now cause I negged you, honestly I just did it cause you're an idiot.
