Hey guy,

Don't forget to pick your Pick'em before it's close!

<https://pickem.lolesports.com/#welcome>

Mind sharing what you picked?

Have to say that I've been very biased with G2, I just really want them to reach finals

Damwon will probably beat them in the semifinals if they dont find a window to improve

Do you really think top esports will take the win?

Not that much faith in G2 as in last year sadly. I want them to progress and win but I just don't believe they will.

Yes, aside from their one weird loss I still think they are very dominant

Fnatic really impressing me so far - can they pull off the insane win against TES?

Edit:

This best of 5 has been the most intense and been the one really mixing up my feelings as an EU fan.

Go watch the vods if you have spare time, and are interested in such

Really good performance by G2 in the quarter finals. Let's hope they don't disappoint like last time..

Tbh, it's a 50/50, but I really hope EU finally wins a World Championship again.

Would be insane, initially I was like thats never ever gonna happen. But then suddenly seeing TES dropping 2 games to fnatic really got me thinking. So idk
