Exchangers was for sale. \$4,240+ you cover Omni's transfer fee. Bitcoin Probably.

Wow great price with custom color and let's see who will buy that

Comes with mint green username which is color'd + some extras. If you don't want to rebrand, we can discuss you keeping Exchangers.

I don't have time with IRL business like I wish I did and engagement hasn't been what I wanted. Disappointed, feel free to make jokes, I know it was short lived. I've tried to get it more active and just have came up short.

Sad to see this group die. Will represent it until the end..

Good luck with sales brother.

Or maybe you just don't know how to build your activity. And your talking garbage.

Good luck on sale ruggzeeee

Blockonome - October 19, 2020, 10:34 am

You can put me in the group and I would make sure the group comes alive, you need proper active members, which is hard to find, but I am definitely one active one! :)

Can apply from the official thread, if you would like.

Helper - October 19, 2020, 11:10 am

It was so exclusive; I imagine a bunch of people wanted to apply but felt they'd be turned down due the recruitment page.

Some people even thought you had to be Vendor + to join which probably wasn't the case.

Dorrance - October 19, 2020, 4:21 pm

Best to luck with sales hate to see it go. Maybe in a few months if this is still up I will probably snag it, I have a few ideas.

Demize - October 19, 2020, 4:24 pm

Damn good color, sad to see that it didn't work out how you wanted it too. Hopefully someone buys this although seems like there hasn't been too many buyers lately.

Lrrr - October 19, 2020, 6:05 pm

All jokes aside, the only chance you have is to monetize the group like Zeus has done and basically sell it to skids. Or some other rebill model that isn't so prevalent...or sell the group for a steal which would be more like 3500 since that's what stone's is going for I believe

I hope the decision was not taken in a hurry.

I have gone through same situation, and one might get disappointed when he witnesses very less activities or much less returns from an investment, that's human nature.

I suggest you to take a break and rethink about your decision.

Whatever you planned with this Group, has a good business opportunity and sustainability.

However, if you've made up your mind to sell it, Good luck with that @ [Ruggzee](#)

I didn't do this as an investment. Just don't have time. And I think more engagement would have helped me overlook my lack of time for HF, but everything combined = selling.

Happens, and it's okay. I'm happy with my decision.

Mister Slyther - October 20, 2020, 2:00 am

Life comes first and IRL has a lot more opportunities than an online group on HF.

Good luck getting a buyer, 4.5k is a hefty amount from my perspective.

My perspective is he spent probably a bit more or same amount why would he lower the price all because he wants to get rid, he isn't that desperate.
Group is a nice colour great price worth it also has more perks than Ston3rz.
Good luck.

True i know the coloring and custom stars are really costly

MarvinMalware - October 20, 2020, 7:42 am

Shame to see it go so soon, but absolutely understandable. Starting to wish I had saved some extra money to the side, I'd be very intrigued by this.
Regardless I wish you the best of luck in sales, with the group still being so new and having all that customization already that's a nice deal. Hopefully, someone will invest and be able to make something cool out of it.

Best of luck brotha!

Stanley - October 27, 2020, 11:55 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

Being limited to only 10 members for my 'Unity Crew', this would be an amazing opportunity to expand that!

if they can't pay for their own Netflix/Spotify accounts then the last thing they can afford is a group let alone a crew.

Short sighted, sell them a cheaper rebill. They always come back to buy bytes or new Netflix accounrs.... But in the end the group scene is for sure not great

Agreed - while 3.5k may be a good price for a group on HF.

Spending 3.5k on an internet forum just doesn't seem logical to me, could use that on anything else like buying tech, food, games, and just living really.

But if you have a lot of money then I don't see the issue.

i would say 75% of the people use it as an investment. either selling spots or making courses to sell in the name of the group to get a good return.
