Thread: [\[EASY\] 100\\$/€ Free Cash in Minutes \[NO INVEST\]](#)

New and easy way to make 100€ (or \$ or whatever) in minutes with no invest needed.

Spoiler ([Click to View](#)) First of all, I have to say it's a must to register via the ref-link otherwise its not an invitation and the free share of a value of 100\$ is not being payed out.

1. Register via the link: www.trading212.com/invite/Gv6LzkEj
2. Choose the Investment account, not the CFD account, otherwise there is no stock!
3. Identify yourself - if necessary. (you can enter any number in your tax number) if you want to use trading212 only once with this free share. Paying out is no problem even with a wrong taxid. You will find your tax ID on every pay slip. (I have entered my real data)
4. Top up your balance with a minimum of 1€ via bank transfer or credit card or other available payment methods. You can pay this back later together with the share.
5. Wait one working day for your share. Mostly only minutes within the trading hours.

Afterwards you can pay out the share plus your invested 1€ or \$ or whatever.

After 3 days the share is sellable, after 30 days available for payout to your bank.

If you still have questions, I can try to answer them.

Most likely you won't be able to cashout those \$100 without reinvesting them and most likely you'll be the only one making "real" money from this.

I dont have much to say about this but stock, binary and forex trading allow profits withdrawal almost instant and not monthly.
