Extremely interested in this, do you help people that have never run blackhat google ad stuff before? I've run normal ads but will need updating on info like cloakers and stuff :)

Let me know, thanks.

Yes I can do all this. Will get you custom cloakers built for smallish prices and everything else you need brother.

znc - October 22, 2020, 1:24 pm

Very interesting. I'll be back in the near future if this is still around when I need to run some ads.

Winds - October 22, 2020, 1:25 pm

I'm down for taking a vouch copy, will leave an honest review showing my spending. Let me know if that's fine :)

dwalael - October 23, 2020, 1:33 am

(Oct 23, 2020 11:32 PM)coimanu Wrote: [\[CITE\]](#) by super strong you mean they have been warmed up ? or what are you saying.

Basically, you have normal thresholds which are pretty trashy and get a lot of manual reviews.

I create accounts fresh / some warmed up but I use a couple tricks to get higher adwords trust apart from just running a whitehat ad for a few days.

lolhack - October 24, 2020, 4:33 am

So what I have to do is only to login and setup the campaign, everything is already set? Correct?

Could you also help me setting a simple campaign as well?

TheBeauty - October 24, 2020, 6:46 am

What is your telegram account?

Lorem Ipsum - October 24, 2020, 6:48 am

Are these made with any kind of (virtual) credit card, debit card or any other card that are not your own?

Many people do this and it can result into a fraudulent claim against your company for advertising without having permission to do so.

coimanu - October 25, 2020, 5:26 pm

pm me your contact info in case my pm didnt reach you , i want to purchase weekly if the accounts are as you say.

Would like to know your capacity and if I need to spend \$5 a day or can spent the budget fast.

Kavalli † - October 27, 2020, 10:28 am

Can your site get banned from advertising if you use this?

dwalael - October 27, 2020, 10:30 am

(Oct 27, 2020 10:25 AM)Money Pls Wrote: [\[CITE\]](#) Would like to know your capacity and if I need to spend \$5 a day or can spent the budget fast. Have a near unlimited capacity of adwords. And these accounts are stronger but they aren't invulnerable, no accounts are. So you can do budget increases faster than normal, but not ridiculously fast without risking a manual review.

(Oct 27, 2020 10:28 AM)R. Kavalli Wrote: [\[CITE\]](#) Can your site get banned from advertising if you use this?

Well, I've never used the same domain on 2 adwords, so I haven't got a 100% answer for that. The general consensus from people I have listened to is that there is more chance of a ban on the next account if you use a previously used domain but it is possible.

Also, you can utilise a redirect script that jumps from a dummy link to your main site using cloaking techniques so google won't know your real domain.

Prawnster - October 27, 2020, 10:36 am

Just gotta say a huge vouch so far for this user, atm we've got my ad running and getting clicks/impressions as expected, dealt with all my shitty questions without blowing up (i know it was difficult, thanks for that ;)) so yeah, huge thanks to op, I look forward to being a long-term customer of yours op :)

btw OP 30\$ is very nice price , is this 350\$ or 350Euro

Just want to leave a HUGE vouch for OP. I purchased an account and I'm getting amazing support & help from a guy that really knows his shit with threshold accounts. He answered all of my annoying newbie questions so far and I'm extremely satisfied with this service. If you're in the market for threshold accounts, buy ONLY from this guy. Not only he's the cheapest I've found so far, he's

also the only one who's able to provide good support.

Do you offer US accounts too?

Can anyone with no experience running adwords spend the whole threshold amount without problem?

If you can get a decent rdp for 5\$ which not many people can, use that rdp, It's optional to buy the rdp.

I don't do USA account,s but not much difference between them and eu accs

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
