Just wanted to notify both the seller and you, that even for VC - a contract is needed.

Purchased from from OP, delivered what I paid for. Sadly the page I requested had custom watermarks (nothing he can do about that). The database was a well worth the investment. A lot of content and a couple very good packs.

Great service.

MrJamesDean - November 16, 2020, 3:30 am

Genuine question, is this a combo of free leaks and using carded accounts to subscribe and grab content?

No carding, some of the models are most likely leaked because of how popular they are but besides that its not leaks scraped from other fourms no.

+1 got me an unknown model very fast delivery!

Stanley - November 21, 2020, 9:04 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
