Thread: [CREATE YOUR OWN LUXURY STORE | AUTHENTIC LOUIS VUITTON & GUCCI | NO DROP SHIPPING](#)

Guardians - October 23, 2020, 6:27 pm

What is this about?

Hi, my name is Guardians and I am offering a course to learn more about luxury trading, an effective arbitrage between markets. Unlike other “private methods” here that guarantee \$500+ daily, I will show you how to build your own luxury storefront that has uncapped passive gains depending on your effort. You will learn all the skills and resources necessary to purchase and sell these luxury goods across marketplaces in a profitable fashion. This does not involve counterfeits, drop shipping, or anything of the sort – it is all truly authentic goods that you can enjoy yourself and sell later for a profit if desired.

Brands you will work with:

- Gucci
- Louis Vuitton
- Burberry
- Fendi
- & many others!

What is exactly included?

This course includes numerous pieces to help get you started from live training to resources to personal aid in getting your first sale(s).

Specifically, what is included:

1. PowerPoint presentation on everything you need to know, taught live personally by me.
2. Live demonstration on purchasing assets
3. Live demonstration on marketing, negotiating, and selling assets
4. Support in helping you get your first few sales
5. Follow-up support, if needed

Do you offer any guarantees?

Yes, while I cannot guarantee a certain amount, I will offer a 100% money back guarantee if you are unsatisfied for ANY reason. I have no reason to scam, as I am personally investing a significant amount of time in you from the things that I have learned over the past two years. As I said before, this has uncapped revenues, that are only limited by the effort and capital you have available to invest.

How successful have you been?

Quite frankly, I picked this up as a hobby in college that has helped me generate a large profit and sales. To date, I have had \$30,000 in sales, with a net profit of roughly \$10,000. Currently, I hold

about \$9,000 in assets that sell over time (effectively passive income).

Requirements:

- USA BASED ONLY
- Descriptive English Writing
- Understanding of Marketing
- Determination

Cost:
\$500 USD

Now, you may think that this is a lot of money, which – you are right, it is! However, I am providing you with years' worth of knowledge and personally tutoring you for hours on all of this. Better yet, if all goes exceedingly well, we could even become future business partners!

I am open and willing to accept any questions below. Ask away!

DMs are always open to questions, so feel free to reach out.

So, I would be able to still teach you how to effectively source the goods and advertise it; however, I am only fully aware and engaged with marketplaces available in the United States where I have been able to successfully list and sell goods.

Perhaps you could still sell on marketplaces in Australia (if luxury goods are as desirable as they are here in the US), but I cannot guarantee or provide as much support as I would hope given my lack of experience in international markets. The two main marketplaces that I sell on are limited to

the USA, but I am sure there are other ones that are more global could be equally, if not more successful.

You can DM me for more details and we can discuss if it is feasible. Thanks.

Still looking to see if anyone wants to be mentored or learn. If I don't get any interest within the next week or so, I will be closing this thread.
