Scoppa - October 25, 2020, 8:45 am

Oh man I must have missed this one, thanks for the share. Looks like he has been at it for awhile now.

MarvinMalware - October 25, 2020, 8:50 am

I've seen a couple of people now being messaged by this fake account, people got way too much time on their hands to be doing bullshit like that. This one just straight up doesn't make sense who's gonna be stupid enough to believe Omni would ever reach out to them on discord when he could just PM them on here.

LoremIpsum - October 25, 2020, 8:51 am

I think he will scam members with a 'multi ip' by making them pay for revivification or so...

Whatever fraudulent thoughts or scams he have in mind, any body that is impersonating any 'important' role is a dangerous man.

Impersonating women (E-Whoring), is one thing, but impersonating staff / admin / authority figures is a whole different level. Thanks for using common sense and letting his scam attempt fail!

Prawnster - October 25, 2020, 8:54 am

Imao you ain't even got IP matching other members rn ?

wonder how much time this guy has wasted tryna scam people like this tho and wonder if anyone stupid enough to fall for it ?

Stig - October 25, 2020, 8:56 am

dude needs a job

Stork - October 25, 2020, 9:02 am

Bossk - October 25, 2020, 9:30 am

Artisan - October 25, 2020, 1:20 pm

Probably that scammer named Kotton. Why don't these scammers move on? What kinda sick gratification do they get from this?

SIM-3343347 - October 25, 2020, 1:24 pm

Suck my dick? Is it a invitation or something? When a man says suck my dick, its either go for it till he realize the mistake he made....

Totally agree here. This is just above and beyond with zero respect to anyone.

K1. - October 25, 2020, 2:06 pm

They only have to hit one or two people with scams to make it worth it for them. You guys are acting as if he has to put in work for this.

Mango™ - October 25, 2020, 2:08 pm

Lmao, he messaged me too. <http://prntscr.com/v6n1bw>

Half the time this person isn't even trying to scam. It's just a way to get somebody to talk to them & attention.

He's a scammer lol. He's just trying to get someone to 'upgrade' through discord so he can make a quick lick. I mean we need people like him to ween out the retarded so this forum won't have them as an upgraded member lol. Really though, its fucked up.

Cooligan - October 25, 2020, 3:24 pm

I laughed at the "please cooperate" part, I mean who says that lol?

It amazes me what people are willing to do to try and scam someone. Karma always somehow wins in the end though.

ines - October 25, 2020, 4:47 pm

i think he messaged everyone, he used to be Tak's imposter

people are so weird

Yin Yang - October 25, 2020, 5:01 pm

Impersonating women is completely unethical and immoral too in my views. Nobody can justify it. And the objectification of women starts from this very thought process.

Chevy - October 25, 2020, 6:40 pm

Ha. Wow.

And there the Omni imposter strikes again..

Some people have way too much time on their hands and don't even use a fraction of it to do any sort of research on a person that they're trying to manipulate.

His efforts are futile, to say the least.

Yea, it is pretty toxic. But at least he is putting his effort into something rather than doing drugs lol.
