Thread: [So Nobody wants those crappy green eggs?](#)

Rsynced - October 28, 2020, 9:49 am

I guess they are complete trash huh? Maybe better as a decoration in your avatar? I step on them and crush the unborn hackuman out of it's potential horrible life ahead. This is my poem?

account_ - October 28, 2020, 9:56 am

sell in <https://hackforums.net/lottery.php> you might get 10 bytes if your lucky.

Xerotic - October 28, 2020, 10:01 am

You can power up a HUM with the same color egg it was hatched from so no, they are not useless. People just have bad strategy.

Stork - October 28, 2020, 10:24 am

I think all eggs serve their purpose. #AllEggsMatter

fierce - October 28, 2020, 10:25 am

I only like white eggs with some yellow inside.

Rsynced - October 28, 2020, 10:29 am

Do not give them compassion. ?

Luckii - October 28, 2020, 10:52 am

i dont really like eggs so cant comment on it

Doom - October 28, 2020, 10:54 am

Stick them on the lottery and get some free bytes.

Ngl if it's not golden I don't want it

Mango™ - October 28, 2020, 11:29 am

I don't like the hackuman game. It's too complex for me xD.

Tyr - October 28, 2020, 11:35 am

Mine always come with 100% satisfaction guarantee to hatch some high quality ganja Hackuman, therefore they are worth it.

It's no fun playing the hackuman game, people just play in gangs and kill you before you get chance

to do much. I've killed a few and made some progress towards the award but there's whole groups of people playing in large numbers that will systematically prevent you from doing any good, so it's just boring now, I let the eggs die

I'll take them! This thread makes me want to get back into HUM. I've won so many in the past week and just let them expire. Maybe I should play again? Kind of intimidating going to the game and seeing everyone's stats though. Ugh.

I guess I still could try to win the award. Forgot about that one.?

Deany - October 28, 2020, 1:02 pm

Of course they do. People buy them in lottery all the time!

Very weak, but not useless at all. Can give you few kills in hackuman if you stack those ^^

Ya, I will try to get that award. Never bothered. I think I have 2 kills?

Go for it, why not? Not that hard or impossible. It's gonna be much faster if you stack ruby eggs tbh (try to win some on lottery ^^)

Pikzul - October 28, 2020, 1:19 pm

I've had like 3 or 4 I wonder why I kept losing them they suck lol

@OP;

Please do not call them crappy.

Like Xerotic hinted.. I think if you win about 100 Emerald eggs for 1-2 Bytes each you will have a huge stats-booster.

MarvinMalware - October 28, 2020, 1:23 pm

The emerald eggs are actually pretty good when you've fully stacked them. Try entering in some lotteries and get more than a few to power it up.

Stanley says,

Your lottery Green Egg has just ended. The final prize was 120 ?ytes. After the house cut you will receive 108 ?ytes and the winner will receive 0 ?ytes.

Who Soup - October 28, 2020, 2:50 pm

hackuman sucks and getting eggs every time you post is extremely annoying for people who don't want to play.

Hopefully they remove this shitty game soon it's bringing down the over all quality of this website.

You should give it a try again and enjoy the game.

Chase the HUM award this time for your goal.

Geass - October 28, 2020, 8:22 pm

Well most people want a blue or golden, the Green is not the greater out there.

I usually end up putting my eggs up on the market. I made 7k bytes for a blue egg and was stoked about it

They might be because they reap some low stats.

After the 10 times of powerup, it is useless, but you can still earn some bytes with it in the lottery. (If you have luck and when someone buys it.)

Maybe 5-10 bytes at best case, even at loterry the people dont want it

That's true sometimes. We need a luck.

1337GAMER - October 29, 2020, 2:58 pm

I never do anything with any eggs I get. They appear in my profile until they disappear. I really couldn't care less, so if I can them away, I will.

Yeah, that's what I was trying to do before. It's mostly just hard to keep up with, not unlike the everyday ninja award.

Just build one for now then make it a tougher one then go for your kills. when you reach the level that seems your hum barely gets a kill then raise another one.
