Marcellus - November 1, 2020, 6:10 am

So the account comes with a pack or its clean?

How exactly do you get the adds and can I use an already created account?

No pack, people generally dont remember who they added of [BRAND NAME REMOVED].

We can work something out if you have account already, i would need to be logged in to count adds.

How profitable are the adds exactly? Have you used to e-whore before with those adds?

Marcellus#1494 Add me so we can talk about this, I am interested.

Well it depends on your SE methods, and experience, [BRAND NAME REMOVED] is commonly used for meetups thats where the money is.
Theres people pull of \$500 out of 100 adds.
I go over 1k adds a day profiting over \$600 on average, going easy.

Audi - November 2, 2020, 4:05 am
glws. I like your banner. :)

SIM-3089037 - November 2, 2020, 12:03 pm

\$600 on 1k adds means that if we have the same average as yours it won't be that profitable lol
I think a decent EW can make at least \$100 every 100 adds

BTW I'm interested in the service, will probably try it out soon

My methods are some what autopilot, id say manually itll be higher usually at the rate of \$100 per 100 adds as you said :) Any ewhore can make higher numbers than that tho
Yeah just let me know, growing slowly the discord.

Any way you can prove you aren't mixing in adds that aren't legit [BRAND NAME REMOVED] traffic?

I read your thread and some of the replies, but I don't understand what this is exactly.

So I make a profile and then random chicks add me? Are they real lol? Or is this "Adds" like "Advertising" so you want me to market via my [BRAND NAME REMOVED] profile? Sorry in advance but I am just trying to understand what is being offered here.
