Thread: [Is this a devil sign or a bad omen or something?](#)

Sir Bitcoin - October 31, 2020, 4:49 pm

I logged into Runescape and it showed: Last login 666 days ago.

666 is the devil's number. Should I be worried?

EDIT: My rep is now -36 what the hell is going on.

EDIT2: I was playing with someone from HF called "Hitler" earlier. Maybe that is what it meant.

According to the bible:

Revelation 13.18 (KJV)

Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.

Lorem Ipsum - October 31, 2020, 7:32 pm

Message 666 is asking you to realign your thoughts to more loving, positive, which will raise your vibration for more positive outcomes!

Believe it or not..

The number 666 is innocent, and everything about it is overly exaggerated.
