Head over to: uslargestsafelist.com/s.php?mettyukekw then create an account, verify your e-mail address and grab your affiliate link at the members area.

Once you have your referral link, open any text editor software of your choice and paste the following text: "Are you trying to make money online? I've got just the right opportunity for you!

This website pays \$0.25 for every registration made under your affiliate link! Simply click here : [YOUR AFFILIATE LINK], create an account, and share your affiliate link as many times as possible"

Now, all you have to do is share this file as MUCH as possible, you can share it on eBook websites such as:

scribd.com
slideshare.net

Here's a list of eBook sharing websites:
hongkiat.com/blog/20-best-websites-to-download-free-e-books/

You can also share it on forums

Let's do some math: Let's suppose you set this method on auto-pilot and you're getting 500 registrations every day.

That is a whopping \$125 daily!
