Thread: [\[METHOD\] PAYMENT GLITCH EBOOK \(free\)](#)

r3ddao - November 6, 2020, 4:43 pm

Hey,

just found this method so I want to share it. Looks like its working 100%, but specifically for only 1 website.

Updated this month and i think it will be patched soon.

Its all explained in a pdf, PM me, ill send you.

S????i - November 7, 2020, 5:10 am

Members, be careful of this type of method. Often they will tell you to use console on chrome to input a code which redirects bitcoin payments to their wallet. Just stay careful especially when its a brand new account.

briann6 - November 8, 2020, 2:56 am

Dont fall for it, u will send btc to this users address!!!!!!

ishaita promi - December 10, 2020, 7:57 pm

PM me the method. I would Be thankful to you

Lyralei - December 10, 2020, 10:59 pm

Payment glitch, that's one way to scam people, I'm guessing this is the one where it's supposed to refund you, Imao.

Blogger - December 12, 2020, 3:53 pm

I'm curious to see what this is about. Can I get a copy, please?
