Welcome back everyone! How many times did you check HF?

andreas89fifa - November 15, 2020, 4:46 pm

I checked atleast 6 times in 2 days

Br?dley - November 15, 2020, 4:47 pm

Because I have nothing better to do with my life, I have checked HF 1 million times.

Don't judge.

hahaha nice question bro, I don't remember on how many times I try to check if the forum is already back but honestly I am doing it every now and then on my phone the past 2 days and hoping it will be on much more early time that the site will be back.

Finally, glad to see the site up and running again.

Neon™ - November 15, 2020, 4:49 pm

Glad HF is back online. I checked it every few hours lol.

There was one point I checked about 6 times within a few minutes. Force of habit when sitting on the toilet or waking up..

Lol I wonder if others were all doing the same thing we are doing the past 2 days.

My wife is wondering that I got to bed early the past 2 days wherein when I am in front of my computer I always stays late at night but last night she seems to be confused that I got to bed early without asking me anymore :D

Dorrance - November 15, 2020, 4:59 pm

Only checked 3-4 times, need to make some deals.

At least once every hour hoping it would be online earlier than it was promised.

oRequiem - November 15, 2020, 5:06 pm

I checked about 2 times before this time just now.

ETH - November 15, 2020, 5:15 pm

Hope all issues solved

I checked 5-10 times totally

jecoylecay - November 15, 2020, 5:17 pm

This is my second time checking if it is online.

X-32 - November 15, 2020, 6:04 pm

I checked probably 4 or 5 times.

Surprised how long it was down.

2.5 days of DDoS attacks followed by 3 days of maintenance downtime.

Whoever did this, has sadly defeated the almighty Omniscient by making the #1 hacking forum go down for basically a week lol.

If anything it makes it stronger since the current known flaws will be patched/harder to abuse.. hopefully.

Prior to the maintenance message, pretty often. Was in the middle of a contract.

Thankfully we're back up, and nothing out of the ordinary.

Yeah I couldn't stop checking myself!

Hope you got the contract you were in the middle of sorted!

Yin Yang - November 15, 2020, 6:55 pm

I checked for a bit the first day not gonna lie.

Was happy when I saw the "Down for security maintenance for 48 hours" message bc I knew it was only a matter of time.

Grim - November 15, 2020, 6:55 pm

I can safely say about 15 times during the weekend

Didnt have access to hf's root server and could not mitigate the attack. It was his decision to shutdown hf. Wasn't the attackers who did. Read the thread in the [announcement section](#).

A + - November 15, 2020, 9:43 pm

A few times. I saw Omni's Twitter post that it will be good Monday so I was just waiting for it.

Rezon® - November 15, 2020, 10:19 pm

After Omni put the message up "down for 48 hours" I didn't really check it once.

Glad it's back on early though!

Whenever I open the browser, automatically, I open Hackforums.

MarvinMalware - November 15, 2020, 10:58 pm

I checked way too much, whenever I was bored or curious of the status of the site. A few of the times I checked were simply out of habit and I had forgot about the situation.

Lindros - November 15, 2020, 11:17 pm

I checked it probably like 5 times maybe?

Bastille - November 16, 2020, 12:41 am

Maybe 4 times, when I saw the message that HF will be back on monday I didn't try anymore. I spent my weekend on THM instead, learned lot of things ^_

False King - November 16, 2020, 1:14 am

Been gone the entire weekend, so I didn't even notice. It might even have saved my streak for the ninja award, lol.

Fortunate - November 16, 2020, 1:36 am

Every single time I opened my browser pretty much. My brain has automated to check HF every time.

I had 2 notifications and tried to click them open almost every time.
