Who am I?

I didn't expect this to sell like it did. For that reason, I am going to release a final copy for the price of 2000\$. As soon as I sell that, I am going to suspend sales for good. So, my name is V and I have been e-whoring for at least the past 4 years+ averaging 350-500\$ per day, I have also exchanged more than [10.000\\$ USD](#) and each and every transaction I had ended up with a happy customer, so, right of the bat you already know that I am serious about doing business here, I am not just a random guy trying to take the money from you and run off. If you know me, you know that I have been a member of this community for quite a long time and I only sell services that I am 100% sure that they are indeed working . I have e-whored on any platform possible. You name it, tumblr to facebook to snapchat to kik, I've done it all. People have been constantly asking me when am I going to release a mentorship service for them to buy, but unfortunately I didn't have the spare time to do so, but now that I do, I am going to finally release it. If you don't have the money to spare to buy this method, worry not, you can visit my [E-whoring helpdesk](#) , you can find a limited, but valuable amount of free information there that would seem quite helpful to you.

General information about this service

The final thing you are going to need to be able to do this it, is PATIENCE and WILL to work. The money are not just going to handle themselves to you, that's pretty fucking obvious. So if you are lazy and you're not willing to follow my guidance and work your ass off to get this money, then this service is not for you. You may as well go buy one of these HOW TO MAKE 100.000\$ PER DAY ON AUTOPILOT WITH 1 HOUR WORK and then regret it later because your money went to waste.

F.A.Q.

Is this just another e-book?

NO. It isn't. I am going to walk you through. Step by step.

Do I have to be good at ewhoring to purchase this?

NO. You don't. If you are good enough already then it would take less time for me to teach you how to do that, but all there is to it. Less time.

copy number 1 was sold before the method was even sold?

Ballpythonlover - November 16, 2020, 11:17 pm

So this is about buying [BRAND NAME REMOVED] gold + superboost and refund it.

With android emu you can set up good macro to swipe all stuff and not get banned (I do like this) and writing snapname in code harder to catch for [BRAND NAME REMOVED]. Like \$ÑAPCH@T for example?

Am I right?

I wrote just shortcut of my method and as I see your cost and revoult cards. I think this is it.

That is actually a wise observation. As I said, I have been making more than 350 per day for about 3 years now. I didn't use to do [BRAND NAME REMOVED] back then. I had other methods. I never sold nor shared any of them except with very few trustworthy members. These methods could become easily saturated and I didn't want to add more competition to me either way. With [BRAND NAME REMOVED] tho, is different. The marketplace is so huge, that even if I manage to bring in 5 new people to do this with me, the marketplace isn't going to alter in any way at all. So, that's why. In this particular scenario at least.

This is obviously not the method.

Could be honest in the sense that the method works, not necessarily that it doesn't have "grey hat" aspects in it. EW is gray hat in itself, so any EW "method" can't be "honest" in the way you are thinking of

By the way I also think it's the boost method, it got leaked but I won't sales trash as I don't know for sure it's what OP will be selling even though the Revolut thing is quite a bit of a hint

I appreciate it brother. People seem to be willing to buy methods that indeed make you all this money for less than 100\$. It's absurd. If you want to make money, you have to invest money. We all know that. You can always hit me up if you have at least 4 hours per day to dedicate to this. Of course, you can do it for less than 4 hours per day, but the result isn't going to be satisfying obviously.

Nope. As I said, the 100\$ you're investing per day are refundable. You always get them back, therefore it's not even an actual investment. It's just a cost for this operation to run.

However, if you want to use middleman in general, sure thing. I don't have a problem with that.

Obviously, the more hours you dedicate the more money you are going to make. When you reach a point that your skills have been polished enough, you can easily do it for 4 hours and make this amount or even higher than that. However, for starters, I would advise you to dedicate as much time as possible and as soon as you get the grip of how this works, reduce the workhours then, not vice versa.

Yesterday was a bad day folks. Unfortunately this happens sometimes. All we have to do in situations like this is give the best of our ability and hope we succeed next time.

Having said all that, I consider yesterday a failure. I worked using this method for 4 hours and only made 150\$. 100pounds and 20\$ (I also received another 15 pound payment as soon as I uploaded the video). So in total, 150\$.

Just started Secret's mentoring and so far it has been great! He walks you through everything step-by-step and is flexible enough to adapt and fix any problems you may encounter. He explains his reasoning behind everything instead of just telling to you what to do. And it is not just a [BRAND NAME REMOVED] mentorship, he will help you with everything including payment methods, SE methods etc.

C++ - December 29, 2020, 2:53 am

I bought the second copy of this method. Mustard and I are being mentored, I started yesterday. We only had one day of mentorship but I'm fairly happy with this service. We worked around 4-6 hours.

I've seen things I've never seen, all I can say, there's some amazing methods. With this service you'll learn lots of different this like: how to set-up payment methods correctly, how to get traffic from [BRAND NAME REMOVED].

I think for the ammount of money I paid, is compensating. I believe, with this method, I will be able to have the money I spent fairly quickly.

I think if you're a starter this service is perfect for you.

I bought e-books in the past, but this is my first mentorship. I say compared to the e-books, the e-books never had methods like this. Not even far.

But nevertheless, yesterday was our first day and we made no money. We just spend time setting up everything, I'm happy to see how it goes today. I will leave a review tomorrow.

Thanks.

Yes! So we did a few days of mentoring. He taught me multiple methods. It goes from avoiding bans on [BRAND NAME REMOVED] to setup cashapp, venmo and the snapchat method.

I earned 80\$ in the first week after that I stopped trying. I was feeling guilty of multiple things. So I can't really go deep into how much money you can get. I guess with all the things he taught me I'm prepared to make more money than before, that's for sure.

As I stopped earning for personal reasons, I can't really tell when you can get your money back. I feel like if you dedicate enough time to this, you'll earn a few bucks easy.

For example, now I'm able to make lots of [BRAND NAME REMOVED] accounts. How many [BRAND NAME REMOVED] accounts I can make just depends on how much time and patience I'm willing to spend (this means, basically, unlimited [BRAND NAME REMOVED] accounts)

For the title. I guess you can make 300\$ per day. If you're lucky and you spend enough time practicing what he teaches you. I think it's really possible, to be fair.

Overall, Secret is a really cool guy. He was very patient with me and he answered all my questions professionally.

The most important thing I took out of this is. The possibility to use the [BRAND NAME REMOVED] method to other services.

I guess these methods are really smart and secret.

At least, from what I've seen in ebooks on HF they're NOTHING compared to this. N-O-T-H-I-N-G.

So, I can't really say if the money spent is worthy. What I can say, what I was taught is some pretty cool stuff.

So, I encourage you to look deeper before buying.

Thanks.

EDIT: And, yes, you can get more than 500 adds from [BRAND NAME REMOVED] everyday. Everything depends on you, not the method. Depends on how much time and patience you're willing to spend.

That's actually a totally honest review. First and foremost, I want to thank you for your honesty, not sugarcoating the truth and not trying to lie for me so I can sell more. I wouldn't like that in the first place, therefore I cannot thank you enough for this. I am really honored you were pleased with my services and disappointed you're not willing to give e-whoring a go because of the immorality involved in it. There is a LOT of money to be made using this method and if you are patient and do this for a week or two you're going to start making more than the mentioned amount, 300\$ per day. In any case, if you ever need my opinion on anything related to this topic, please do not hesitate to ask me, I would be more than pleased to assist you, if I happen to have some spare time to do so.

?he more time you put in the more likely it is to get this going quickly.

So, to answer your question, you can put in 4 hours per day and do this for about 2 weeks, depending on your ability to adapt to the information provided to you, OR, you can choose the optimal route, the one I personally advise, and try to put in 6-7 hours of work per day for 7 to 10 days, so you get good AS quick as possible.

Why do you need to invest 100\$ per day too in this method ?!

As I said it's technically not an investment. You always receive the funds back.
Plus, as to why is that, is part of the method that I am not willing to disclose because it's essential to the mentorship.

Doesnt require a specific country of residence as long as you dont reside in Canada/India.
Cryptocurrency, preferably bitcoin brother. Regarding how much more is it going to be available, I am thinking of keeping the thread open for about 1 more month or so. So, yeah, 1 month!

This can be autopiloted as well. You need a programmer for that. However I do not advise it. It won't have the same success

Alright boys, I just finished up learning the theory and strategy behind the method.

All I can say is, this shit is cash. It's fucking genius. When you buy, expect to have a lot of "why the fuck didn't I think of this earlier" moments. Everything he says makes sense and I feel pretty confident doing stuff on my own. I am yet to try it out in practice, but I see no potential hiccups, we went through everything step by step with real-life examples. I'll update the thread as soon as I'm able to stand on my own two feet and have some cash to show for it

Quick edit: the price is damn charity for what you're getting

Update: I finally succeeded. The method is even more awesome than I thought, but it's also harder than I thought to learn. It takes a lot of tries and a lot of persistence. I don't think I learned everything there is to know, I'm still a beginner, yet I'm truly making mad cash (compared to 30 days ago).

The claim from the title is more than true, I made about \$240 in 2-3 hours of work without a problem.

If you're persistent and willing to learn, there's no better way to spend your money than on this method.

Quick edit: you could learn in much quicker than I did, but I took a couple breaks through the learning process cause of personal reasons.

Thank you both for your kind words. Especially, you G Factor. You've been by far my best student so far. Willing to work indeed, patient and methodical and last but not least, actually willing to be tutored and improve.

It's a great joy for me making someone reach this level, not because of the money (don't get me wrong, money is a great addition to all this) but mostly because of the fact that I was genuinely able to help and teach somebody.

This feeling is awesome.

If any new potential client OR an admin sees this, we forgot to complete the contract that we created with these two. That's why they don't have the "Contracted Customer" marker.

You are free to look up my contracts and see it for yourself.

Again, thanks a lot!

I wanted to post one additional vouch after earning another amazing 580 in about 4 hours of work. Feels unreal to be at this level this quickly. If you want the biggest problem of your life to be counting

your money, you should hit up Secret.

It says less than two hours on this pic, but to be fair I did work 2 hours and earned nothing, so around 4 in total.

Quick edit: If you doubt my earnings in any way, hit me up, and I'll share my screen or record a vid for you.

Who am I?

I didn't expect this to sell like it did. For that reason, I am going to release a final copy for the price

of 2000\$. As soon as I sell that, I am going to suspend sales for good. So, my name is V and I have been e-whoring for at least the past 4 years+ averaging 350-500\$ per day, I have also exchanged more than [10.000\\$ USD](#) and each and every transaction I had ended up with a happy customer, so, right of the bat you already know that I am serious about doing business here, I am not just a random guy trying to take the money from you and run off. If you know me, you know that I have been a member of this community for quite a long time and I only sell services that I am 100% sure that they are indeed working . I have e-whored on any platform possible. You name it, tumblr to facebook to snapchat to kik, I've done it all. People have been constantly asking me when am I going to release a mentorship service for them to buy, but unfortunately I didn't have the spare time to do so, but now that I do, I am going to finally release it. If you don't have the money to spare to buy this method, worry not, you can visit my [E-whoring helpdesk](#) , you can find a limited, but valuable amount of free information there that would seem quite helpful to you.

Price

In order to avoid saturation I will be giving out only 5 copies. First one is reserved already

Copy no.1 600\$
Copy no.2 900\$
Copy no.3 1200\$
Copy no.4 1500\$
Copy no.5 1500\$
LAST COPY!: 2000\$

General information about this service

The final thing you are going to need to be able to do this it, is PATIENCE and WILL to work. The money are not just going to handle themselves to you, that's pretty fugging obvious. So if you are lazy and you're not willing to follow my guidance and work your ass off to get this money, then this service is not for you. You may as well go buy one of these **HOW TO MAKE 100.000\$ PER DAY ON AUTOPILOT WITH 1 HOUR WORK** and then regret it later because your money went to waste.

F.A.Q.

Is this just another e-book?

NO. It isn't. I am going to walk you through. Step by step.

Do I have to be good at ewhoring to purchase this?

NO. You don't. If you are good enough already then it would take less time for me to teach you how to do that, but all there is to it. Less time.

It was this low mostly for marketing purposes, so that I can sell the first copy and get my first review so you guys feel more comfortable with the purchase you are about to do. I didn't actually intent to sell for that price. Honestly, 2000\$ is pretty low for this as well.

However, thanks for you comment brother, I am sorry that you missed it out, you can keep an eye out for later selling thread of mines, you might be able to strike a good deal if you come there first!
