I'll keep it factional here, with a conclusion based on my person view on all this.

Some Facts about [QueensC](#) ;

9 attempts to buy something in 1 hour;

My personal conclusion;

Be aware of this potential scammer! (S)he seems to have scammed a member, harassed others including the victim with provocative and fraudulent messages. Over 15 buy attempts in 24 hours, and 9 in less than 1 hour. This is very sketchy to me!

Regardless if this is true, I do want to alert you all in case he tries to rush any sales or exchanges before a fully confirmed BTC payment is done!

Oh well, we can't do much in any case. Let's just hope other people won't be scammed.
