Thread: [\[Succubus Official\] E-whoring reviews. -> I will review your products/services.](#)

**SecretAchiever101** - November 18, 2020, 10:51 pm

Do you ever find yourself giving out a vouch copy to someone only so they can write out a 20 letters review and just dip with your method and never hear out from them again?

Are you not tired of that? I am.

Therefore, I am launching a service which I am going to review your ewhoring services/products/packs and write a detailed review about them.

I have e-whored on any platform possible. You name it, tumblr to facebook to snapchat to kik, I've done it all. I know e-whoring inside and out. Therefore I am probably the most suitable for this kind of job. Here's my [Ewhoring helpdesk](#) , I have also exchanged more than [10.000 \\$](#) and done more than [1.000\\$ giveaways](#) in total, so you know, your methods are in good hands. Nothing will be leaked and I am going to deliver as I always do.

These are my TERMS in order to use this service:

Pm me first. Let me know what this is about. I may or may not want to review your product depending on various factors.

By sending me a vouch copy for your service, you agree to me reviewing it and publishing a UNBIASED and HONEST, detailed review. Therefore, if you are not ready for negative feedback at all, do not contact me. This service is not suitable for you. I am a very harsh critic

[SecretAchiever101](#) reviewed my [Create your very own eWhoring packs](#) product and I wanted to thank him for his review and give some of my own feedback on dealing with him.

He is incredibly professional and did pre-warn me that he is a very harsh critic before he started reviewing my product. That being said, the review he gave me was very detailed and he even pointed out some terms/policy related issues via PM.

My product is now an improvement on what it was with some minor updates.

Thank you secretachiever101.

I've turned down 3 people that wished to provide me with their vouch copies. Please know that I appreciate the fact that you guys are willing to trust me with a vouch copy of your services and I am honestly honored. However, if I deem the product to be inconsistent OR out of my personal skillset field, I'd have to turn down your requests. That doesn't mean I do not appreciate you reaching out to me, nor does it mean that I am ungrateful. It means that I am trying to protect you and me ,obviously , from having a unpleasant encounter with each other.

Therefore, do not hesitate to message me regarding my review service. Reach out and we're going to discuss in further detail.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,  
Stanley

(posting here because ya asked me to)

Me and my girlfriend are exhibitionists, and are looking to make a profit for ourselves to help us make ends meet, we'd like to start selling packages and custom made orders on HF but have no idea where to really start with that. On both an e-whoring level and a general HF marketplace level, I've never actually sold anything on HF despite being here / lurking for almost 8 years. Are there any general tips / starter advice for both e-whoring and HF package selling? Are there any other similar services here on HF?
