After the first season they were suppose to come with the second one right? Not sure why they went with a movie in between? I was waiting for S02 desperately tbh!

We'll have to wait for a dvd or blu-ray copy before we can watch it. We'll be lucky enough if someone can do a camrip/record on it but Japan has strict rules and very against copyright

Demon Slayer: Kimetsu no Yaiba the Movie: Infinity Train

Apparently this is the actual name on Google, in case you were having problems finding it.
Either way it's a 2020 release so might have to end up waiting anyways.

Unironically one of the ways people recommend to learn it is by immersion with anime

Wait a month or two for the revenue from theaters to die down and once they release on bluray, we'll be able to watch it online from some shady place (after going through tons of fake sites with ads).
