Doctor. - November 19, 2020, 7:29 pm

Anyone hear from the kid recently? Haven't seen or heard from him in a while now

Angela White - November 19, 2020, 7:35 pm

Not sure if his employment is publicly known so I won't state that here but from what I've seen in the Dreamers Discord is that he's just busy with his irl work for now

Lrrr - November 19, 2020, 7:47 pm

He's not a kid and he's probably fine.

He's 17 or 18

Nico - November 19, 2020, 8:32 pm

He took a vacation ban. Sometimes you just need a break from this site and that's the only way to do it. This forum really has a way of sucking you in.

18 is old enough to serve in the military, it's certainly old enough to be excluded from 'kid' status.

Disagree. 18 is still a kid.

At least wait till 20.

Serving in the military or being old enough doesn't make you any more of a man than anyone else.

Your confusing being old enough to not be called a child and the actual precieved behavior of a young adult.

Kid is a pretty specific term meaning someone who is not of age.

Jinu - November 19, 2020, 9:07 pm

Most of the time, his username shows in black color. It seems he took a long vacation ban.

Nobody called him a child - Child and Kid aren't synonymous. Most people stop calling people children at 12. Teenager through to 20.

Kid is used almost always to describe someone younger in years than the person saying it if the gap in years is a decent amount (determined by the person using the word).

In most cases to someone 30 years older, you will be called a kid until you are 24. That doesn't mean they don't consider you to be a young adult or even an adult during those years.

If we really wanted to look at the informal use of describing someone as "a child or young person" - then yes. 18 is a young person aka kid.

Dorrance - November 19, 2020, 9:20 pm

He was making so much he banned himself to flex

Rezon ® - November 19, 2020, 10:55 pm

Some people need a vacation ban, I was considering it myself a few days back.

I've seen grown adults that act more immature than some 18 year olds. I think age is kind of irrelevant. We're all just babies, growing up and trying to have a better life.

True.

It's funny, because I know people who called me naive couple years ago (I am 21). And now they seem to be more agreeable and even calling me smart... which of course, is relative wahaha. I'm definitely not smart.

But all in all, I'm happy that I have to argue less :P

test - November 20, 2020, 10:58 pm

I heard he got a job as a janitor at papa johns because his mom realised how much he spent on her credit card for awards.

I agree with this, in the beginning HF sucked me in so hard, now I am just more chilling with it and coming back when it is needed or I need ideas!
