Thread: [Generating passive source of income.](#)

kookur - November 20, 2020, 6:17 am

I want to learn some passive income methods where i can put very little to know time after setting it up. I'm not looking for some huge payouts, \$100-150 will do pretty good for me.

Do you guys know any method which doesn't put you at risk of losing your income if you're sharing, i will be very thankful for any kind of help. I have college but i still get 4-5 hours doing nothing and getting bored. Help me if you can, thank you so much.

Skills i have : I can communicate in english, beginner level projects made in python.

All i need is to generate 7-10k INR which is about \$100-\$150.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
