Thread: [Professional Designer 10+ Years Experience](#)

Lexa - November 20, 2020, 1:20 pm

Hey people of HF.

It's lovely to be here. I'm Lexa, a professional graphic designer with over 15 years of experience in the following applications:

Adobe Software

- Photoshop
- Illustrator
- After Effects

3D Rendering

- Cinema 4D
- 3D Studio Max

I first started out making graphics in Photoshop and making montage edits for friends using Cinema 4D and After Effects, alongside Sony Vegas Pro during my youth.

I'm now professionally working in the field and loving every minute of it. I enjoy watching football and running.

I'm looking forward to getting into the community and providing some of my services where I can.

Thank you for reading!

Welcome [Lexa](#) to the forum mate.

Artisan - November 22, 2020, 10:59 am

Hey Lexa, welcome to HackForums. You should head over to the gfx section and make a thread offering your services. Remember to always use the contract system and also verify your discord before you share that with your clients.
