Thread: [Just passed 10k](#)

-Nerotic- - November 23, 2020, 8:56 pm

I've been doing Currency exchanges for a while now.

Normally P&P to BTC and Today I've passed \$10,000 USD exchanged

I'm sure compared to others on here that's nothing to brag about. But to me That's crazy that I've managed \$11,200 USD exchanged Not here to talk about my profits but i was just looking and i think that's a crazy amount of exchanges

Tro yeh - November 23, 2020, 9:05 pm

I don't care about the amount brother.

If you think it's a good achievement for you and working hard toward your goals, i appreciate you to keep going on.

Keep it up.

I wouldn't be comparing yourself to others on the forum, because you've exchanged a large amount of money. I'd be proud of that for sure.

Nice bro, I like the fact that youre making your money legitimately. Congratulations man.

Man that's amazing Congrats!.

I don't care about the profits or the amount. But if it makes you happy that's the only thing that counts then.

Hey that's amazing and definitely a great motivation! If you don't mind me asking, on which platform/website do you do it? I recently heard from another guy who does P2P and he said it's easy money if you know what you're doing, but I'm kinda scared to start because of scammers.

Helltoy - November 25, 2020, 3:58 am

Congrats man, that's a lot.

Yanix - November 25, 2020, 5:30 am

Keep up the good work bro

Good luck and continue doing great and honest business.

I started right here on HF. then branched out to other places. and mixed in P2P lending

on HF only deal with trusted people and then still use a contract. as for my offsite proceeds, they have their own policies

That's cool. Definitely something to brag about. I've done a lot of exchanges but I'm still nowhere near that number.

I don't know why, but I feel like this is a good step to you becoming the next trusted middleman. Did you do the 10k within 18 transactions, or did you start before the contract system was in place?
