(Nov 7, 2020 11:20 AM)Cam Wrote: [\[CITE\]](#) Purchased OP's method and I can say it definitely works as advertised. I was able to get free delivery and \$10 off my order.

This has nothing to do with referrals either.

Took me around 10 minutes to set up my first time, but that's because I was reading the method itself while doing it. Once you're more familiar on the steps, I can see where you could set this up in 3-5 minutes each time.

Overall I'd say it's worth the purchase and you'd be making your money back after 3-4 orders with this method. You can't go wrong really. Thanks for the method, OP! I'm satisfied with my purchase.

(Nov 9, 2020 07:24 PM)TheNullz Wrote: [\[CITE\]](#) Method works I got free delivery and 10\$ off on an order today already. Going to use it more throughout the week and don't see any issues occurring :)

Bought his doordash method in the past which worked beautifully and am happy that this one is working for grubhub!

(Nov 3, 2020 12:43 PM)HappyWee Wrote: [\[CITE\]](#) Purchased the special priced vouch copy and here is my honest review.

Simple, took less than 15 minutes to set up, and works. Ordered breakfast this morning, turned a

21\$ order into 10\$. Easily Repeatable and after a few uses will definitely be well worth what the asking price is. Definitely advise you to get it while it's still relatively cheap.

Thanks again OP![\[contract=tid\]Start Contract\[/contract\]](#)

Just dmed you bro

Ordium - December 4, 2020, 11:34 am

I purchased a discounted copy. I can confirm that this method will work multiple times.

Here's some key information:

Everything is legal.

When purchasing, you get instructions to do the method. In total, it should take about 10 minutes for everything. This time can probably be reduced to about 6 minutes on subsequent runs.

You'll need a \$15 pre tax order before tax, tip, and fees.

I'm happy with my purchase. If you use it 4x, you'll cover your cost. Anything after that starts turning into ridiculously cheap meals. ~2.50-3.50 per meal delivered if you shop it correctly. I've ordered two of these so far to the same address utilizing the same payment method. If you want to be safe, you can probably create temp cards to avoid being flagged by the same payment method, it'll obviously just take more time. Privacy personal offers 12 free cards per month if you want to use that.

Also, this could technically stop working at any point, but based on what I'm seeing, it's unlikely to.

Vouch!

You have to make a new account each time? I use door door dash and get free dash pass for a year.

Curious on the method. The 10.00 off has got my attention. Pm me if you'd like to tell me.

I'm interested, seems legit as long as it's not a new created acct each time. GLWS

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
