Thread: [CodesVerify.Com - USA Non-Voip SMS Verification from Multiple Carrier](#)

sayan163 - November 24, 2020, 4:18 pm

About CodesVerify.com

Codesverify is a project aimed at improving service of customers who are interested in multiple or single activation of social networks' accounts, payment systems, microblogs, and many other online services that require confirmation of a registration by a mobile phone number

Our goal is to enhance the scope of SMS activations, be closer to a customer, and develop new approaches for the verification of accounts and receiving SMS in particular. Distinctive features of our service are the following:

- Our prices starts from 1.5\$ for any service (Free Multiple SMS support)
- We don't have a rating or other systems of users restriction
- We don't have delays and queues
- We do not draw the line between wholesalers and regular users
- Round the clock customer support
- We accept PayPal, Skrill, Bitcoin

Link : <https://codesverify.com>

Refund policy : 100% Refund if our numbers don't work.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
