I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

get pokerstars set up rn... welcome and good luck

Omniscient - December 22, 2020, 9:44 am

Took me about 30 mins to get pokerstars setup. Wasn't allowing me to DL it from USA. I had to use VPN and get the EU version then login on that. But it's all good. Finally setup in lobby ready to pwn you children in a man's game.

That was one hell of a game. I liked the part where Zeus busted out. I also liked the part where Omni went beast mode and cleaned ?

Omniscient - December 22, 2020, 11:43 am

Was a great 90 minutes of poker. Had some luck in the important hands near the end to finish it off. Was very entertaining. Twice on an All-In I thought I was gonna get taken out but I knew I had outs and luckily got them against better hands.

Was honestly very good poker today. Thanks guys.

The tournament was a lot of fun, what wasn't fun was watching your win chance % go from like 20% to 100% on the final flip :P

I saw him turn an open ended straight draw... I said "7" and then boom a 7 peeled on the river. I was hype.

This will be extremely helpful. Sucks that iPhone users can't play it on mobile. Maybe someone knows another site we can use.
