This is only for zombies?

I need camos for multiplayer.

Whatever you unlock in zombies will also be accessible via MP.

Nice so if i buy 1 hour for \$15 i will be able to unlock multiple cool camo's that i can use on my multiplayer weapons?

How much can you do within an hour tho in terms of camos?

And is weapon exp also interlinked? Does 1 zombie equal 1 mp player?

Yeah just zombie camos, although you get weapon double xp! And you will get to level 100 pretty quick

Alright so no MP camos.

But i will be able to level my account quickly which is linked with MP.

And also my weapons in MP?

Yeah zombies and multiplayer weapon level is the same thing. If you're going for camos just make sure you remember the requirements since you can't see what it is during the match.
