RUS7Y - November 29, 2020, 12:50 am

I'm selling an exploit to get free unlimited access to Premium content on Shutterstock, Freepik & Flaticons and all their subsidiaries

Each copy lets you get unlimited access to Premium resources on Freepik.com and Flaticon.com

You won't have to spend a dime after you get this book to download your favorite graphic resource, be it an icon pack or a .psd

Each copy lets you get unlimited access to Premium resources on Freepik.com and Flaticon.com

It's 100% legal and safe

DM me if you'd like to purchase.

You can't put an autobuy link unless you're a vendor. It's against the rules. Putting a direct autobuy link makes people deal without contract which is an another rule break. Remove the autobuy link and GLWS.

Would like to see some reviews before I get it. I'm interested.

Like Troye said, I will wait for some more vouches as well. This is very interesting to me.

Sure thing.

Dealing with @astrogen right now

Will ask him to post his review

Astrogen - November 30, 2020, 2:59 am

Just purchased this and it works great! Honestly, this might be the best purchase I've made here on hf marketplace. I can now access premium files from freepik in just a few minutes after I've paid him.

If anyone is wondering, you'll get the files directly from freepik/flaticon, it's not some bs other ppl sell which use other sites (downloaders, etc.).

Definitely worth it, I can now get unlimited assets and stocks! Thanks [RUS7Y](#)
