Thread: [Underground Method to Earn \\$200-\\$1000 per month with Adsense](#)

Level10 - November 30, 2020, 3:51 am

Hi Folks, Level10 here.

I would like to show you how to earn \$200 - \$1000 with adsense.

Sounds crazy right?

I know it's a HUGE range, but it's just how this works. Depending on the impressions and clicks, earnings will fluctuate. BUT you will earn.

Also, these sites can be sold for up to 15x your more monthly revenue.

I'm going to provide to you a step by step guide and full support.

The cost?

Well, for now, i'm only selling 5 of these and they will go for \$100 each

I'm also willing to give away 2 Vouch copies to very reputable members.

I am not 'reputable' but I have a lot of experience with Google ads etc. I could give a good overview on this. Message me.

Hi mate, appreciate the comment. I'd say the higher end might seem tgtbt, but definitely achievable. And if you've ever been semi-successful with adsense, \$200/mo is nothing.

I will keep you in mind for a vouch copy.

Let me know if I can get a vouch copy.

I have received the method from Level10 and here are my ratings and review in regards to the ebook.

Method - 3.5/5

Review -The method laid out is quite simple and easy to follow. Certainly, you will be able to make a profit but the method is blackhat so you should keep in mind the risks.

Original - 2.5/5

Review - I have been in the websites and ads domain for a long time and I have seen a similar type of methods popup once in a while. I doubt a lot of people would know about this stuff.

Implementation - 4/5

Review - The method is to write in easy steps, the only hiccup for a user is to get AdSense approved account. Level10 has also recommended things in regards to Adsense approval and I have to give credit on that part as he has thought out on all aspects.

Rate of Return - 2/5

Review - I will say that you will not be able to make the money instantly and it may take sometime before you get the Rate of return. You might be able to get passive income(There are risks as some blackhat stuff is involved) so don't think of this method as one shot.

In the end, I wish Level10 and other customers good luck. :)

Regards

You're welcome. Are you going to be so kind as to leave a review?

Hi, Level10 was kind enough to give me a vouch copy.

Unfortunately, I have not been on my adsense account in a while and when I finally did to try to go on my adsense account it gives me this message: (We apologize for the inconvenience, but we are unable to process your request at this time. Our engineers have been notified of this problem and will work to resolve it.) it made me unable to execute this method . Of course, this has nothing to do with OP or his method.

That said, I read through the guide and it looks pretty good. It's a well thought out guide with details and OP shows you what to do every step of the way.

It's obvious that he knows what he's doing and uses this method himself.

Also, he was very kind and quick to respond to any questions I have, so no doubt his support will be good.

overall, the method looks good (although i can't try it myself), but the price looks a little bit high as it will take a little while to start earning.

Thanks OP for the opportunity to review your ebook[/u]/[i]
