Hello everyone,

It's with great pleasure that I launch my business today on the site.

It's very simple, I sell verified Instagram accounts, I unban your Instagram for you or I can make you verify your personal account.

#1: Verify your account:

It all depends on the account it is. Whether I should do a PR or not. The duration of the procedure is approximately 3 weeks.

Price: 3-4k

#2: Unban your account:

I can unban all types of Instagram bans, I have successfully unbanned over 120+ IG accounts within a month

- Sexual/Nudity
- Artificial/Commercial
- TOS violation
- Impersonation
- Copyright
- Violence

1 day - 30 days, on average it will take a week at max but sometimes it can even take a month to get your IG unbanned.

Price: \$500

#3: Account sale:

- Real Account
- BLUE TICK - VERIFIED
- FULL ACCESS (account, email, ..)

Available: 1

Contact me to find out which account it's. Serious buyer only.

Payment method: BTC

Don't hesitate to PM me for more information.

Hi, thanks for your interest.

I contact you in PM for the details.

EDIT: So it won't work with this member. I'm giving it a \$ 1000 discount as it's my first sale on HF. I also accept without problem that we use a middleman on condition that he pays the costs (I still grant him \$ 1000 already).

He refuses and puts -3 reputation. Big mentality. But not for doing business.
