TasteNZ - December 2, 2020, 2:25 pm

Good Morning Ladies and Gents,

For the past week I've been boosting my snapchat score up 500k + within 30 minutes, there is no downloading apps or sending passwords, you do it yourself.

Send me a PM and I'll pass the info on :)

Really easy, just basically;

subscribe to 200 + people
use multi snap with the latest snapchat update
send up to 8 snaps at one and boom easy boosting.

Anyways enjoy :)

Guys please stop commenting on this... It's literally impossible to do this.. Snapchat has had a limit on their API for years meaning you could only get 100K an hour and not above that. Anyone that

says they can get you 150K or 200K an hour is lying to your face. Also snapchat has really been cracking down on spammed accounts (which this method is likely going to be) so unless you buy a service where you know the person has access to the api (no one here except for me & blazing do) then you're just going to get your account banned.

Leopard - May 22, 2021, 10:45 pm
