Br?dley - December 3, 2020, 5:15 pm

Alright,

It's been brought to my attention this silly individual gets his account closed.

What for, I don't know. What did I miss?

Sorry I don't sit on Hackforums all day, just need an update?

Hitlet has been dead for a very long time, and I don't think he had a HF account. By deduction, I don't think he can be closed.

Yep. The guy wasn't the brightest. Robot has deal disputes worth thousands. How he has his account still is beyond me.

Also it's probably none of our business but we are a community, it's nice to know what's happened to fellow comrades despite what you think of them.

He was in the discord VC today, not going to quote him and get called out for slander, but he very openly said why he's banned, and he made it apparent he didn't care he was banned or show any interest in the forum. Goes by @alone in the HF Discord.

siddy357 - December 3, 2020, 6:21 pm

It is just like a warning to know that even a single dd can get you banned of the forum period.

He is used to be the one calling out the multi's on the forum.

I remember he could be aggressive with some members. Maybe Omni didn't like that he murdered 11 million people and his open deal dispute is with someone called Lives.

Think about the years of money you can make on HF if you don't scam rather than the days, weeks or potentially months if you do scam. Some people really don't understand money. I guess that's why they scam.

The man used scamming as a loan service?you cant do that to people. Once you do it once you'd do it anytime you had financial issues.

Mark Ronson - December 4, 2020, 8:24 am

I'm rarely happy when someone gets excluded, in any contest, but in this case I am. His DD was very scummy, he straight up scammed, and user was LQ. I have seen people with 20 open disputes that are still selling. I think it's at the staff discretion, based on the nature of the DD. Many DD are invalid, others are clear low-life scams...

I couldn't agree more! Scammers are the only thing on HF that makes my inner bitch come out in full force.

Laylo - December 4, 2020, 2:34 pm

I feel bad for the guy who tried buying the account. Even if Hitler provided the real account to the buyer, he could have recovered the account weeks later extremely easily. Nobody should ever buy RS accounts.
