I've made a lengthy attempt but can't figure it out. I'll be back for this one though!

Laylo - December 4, 2020, 3:14 pm

Great thread and great leader! I'm already making progress on the puzzle. Very curious to know how far others are.

This userbar is eye-catching. I wish I had the money to buy into the crew. Maybe one day I will but if you ever plan to recruit without buying fees consider this post as my application.

I am thinking about doing a discount for the first 1 - 3 to do the buy-in, as no one has solved the puzzle yet! :D

I probably got the first part of the puzzle and moved on to the next section but that's where I got stuck. I'll see if I can go even further later on when I have the chance.

The first step on the puzzle is way too easy compared to the next steps. You will definitely need some tools and expertise to continue.

That is awesome to see. i think most people for groups just use discord servers anyway seems less and less the need for a SF

I mean this is one of the exact reasons Omni banned discord.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
