I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Quick question, if the account gets banned. Can I somehow create an acc under that name after it gets unbanned? Or how can it get unbanned?

If I get someone banned, is the username up for grabs, or will it be unavailable?

Does the person in question of being banned need to have a profile picture with their face on it? Or any face?

So what are your policies if they get their account unbanned by sending in their ID?

then it's not my problem, my job is to ensure that the ban goes through :)

Ahh alright you might want to let the people know that though would kinda suck since most 'bans' get reversed within a few hours.
