- 1)what about if your snapchat username is banned from [BRAND NAME REMOVED]?
- 2)from which country you sent this traffic?can i choose my own desire location/?
- 3)how much approximate time untill get 500adds?

 1. I got my methods for that, also most of my customers already know that new snap is better, also if you choose your snap I'll need full access username and password to track adds.
 2. What's nice about my services that I let me customer pick any location he seek for.
 3. I don't run bots that gets instant bans and such so for 500 adds if I don't have orders in queue it'll take around 7-24hours usually I manage up to 1,000 in 24hours,but I'd say 7-24hours just in case

Most of the customers lazy enough to send me a Pack With few pics, when I use random girls let's say the guys that add you on snap, won't go back to [BRAND NAME REMOVED] so it's forgettable and easy to, never had an issue with random pics, please add me on discord for more questions KingstonZ#1234

You can't realistically accept 1k adds on a snap account without being locked, so I wonder if this review is even legit?

I'm interested in the service but being that a lot of traffic vendors end up scamming I'll wait for further reviews, thank you

I bought 150 adds which were delivered immediately. He does NOT boost your snap score BEFORE generating adds, which means you'll receive quite a few messages saying, "you're fake bc ur score is 0." I tried to explain the IMPORTANCE of at least having 1k score to make the accounts look more BELIEVABLE, but didn't care and stated how many adds he sells a day and that it's NOT a problem

at all, even though I showed screenshots of messages I've received from the adds. Yes they are [BRAND NAME REMOVED] adds and yes the accounts are delivered fast, but you WILL have an uphill battle being that the snap score is 0 and looks hella suspicious to 'many' but not 'all' of the adds.

Funny thing is that you a customer that bought maybe total of 300adds, I don't give snapscore because I can't, my services are snapchat adds, not snap scores, explain how I have few customers that each one purchases around 6,000 adds and even more /DAILY/ and you the only customer that complains, even when I tried to solve it out on discord you just ignored me, I am not going to run after you to give you solutions, if you are not happy with my services, you don't have to ask always if there are any snaps available you can generate traffic yourself, this post won't help you at all, so that was a waste of time because any new comer, can check my vouches, and fully read my vouches on discord and see that I am legit and providing the best quality on market, I wish you best of luck, apologize that I am not a robot who can do adds and snap scores, what you even expect me to e whore for you? come on be serious.

If a snapscore that is something that important for you, you can easily find it on this forum for less than \$3.

You're STILL missing the point I'm making smh. Yes, I know how to boost my score very QUICKLY, but it's TOOOO LATEEEEE by that point.
