If you're reading this, do not deal with this user. He is a serial scammer on HF.

\$200 sent have yet to receive my money.

Seems like there are other users that have not been paid out yet.

If this dispute is open, this user has not fulfilled his part of the contract or even acknowledged it.

Sorry for the lost OP, I hope you get what you wanted out the deal or your money back.

Literally 30 seconds after sending the money, a new dispute is opened on him by another user.
Can't believe my luck ???

Hopefully this is resolved but im not expecting much.

Thanks for the kind words, I appreciate it.

Ah damn :/

I wished you had waited until tomorrow [SIM-2908357](#) so we could've taken care of that exchange safely.

I really hope you get these funds back.

SIM-4831178 - December 6, 2020, 10:26 pm

Why do you even exchange btc for eth when there are tons of trusted sites to do it? Or plus why not use an escrow?

99.9% platforms are blocked due to my location unfortunately and it's usually cheaper exchanging with users here, but of course there are risks.

It was my mistake going first or dealing w/o a mm, but my reasoning was basically:

- hes a vendor and has solid rep/b-rating
- hes active on hf and has active products on the marketplace
- hes done many successful exchanges including a \$230 exchange with Lavish just an hour earlier

I had a hard time believing he'd scam for \$200 but right after sending I refresh his profile and a new dispute popped up by another user for \$400 lol

It's been a good month financially so I'm not stressing it but we'll have to wait and see how this unfolds. I think it's fair to have this dispute up as a community alert for now.

Telstra - December 6, 2020, 10:54 pm

Unlucky bro you gotta be careful with brokebois on here hope you get your cash money.

PsyDovah - December 7, 2020, 12:43 am

He had an open dispute from before, and someone else had a community alert open on him because he scammed them on other forums.. He was previously known as SimpCity. Should've checked that before dealing with him.. Let's hope this gets solved though.

Stanley - December 7, 2020, 5:42 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Nah bro, he's scammed on other forums as well and banned on certain discord. Funny, you'd think with so many ownership rights he'd have made bank

Its better if he's still active since he has plenty of open disputes and anyone with a brain won't deal with him.

If he gets closed he'll just make a new account and keep scamming.

Pm if you need his dox

He keeps going to our profiles, he is obviously aware of the dispute.
