Because of new HackForums rules starting a contract is mandatory, you can do so by clicking here:

[\[contract=tid\]Start a contract with me\[/contract\]](#)

Not sure what to order yet? Start a conversation with me so we can discuss your needs!

Some small letters:

1. I accept the following payment providers as payment options:

PayPal [preferred], Bitcoin, Bank transfer

2. Vector/Photoshop files do not come with the original purchase. This can be added for an additional 100% of your original price.

3. The watermark at the bottom can be removed; this is allowed.

I'm willing to provide a vouch copy to one eligible member; please send me a HackForums conversation to get started, or quote this message.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
