I went first on a deal where I would give him 10,000 bytes for \$4/k and he could pay me within 5 days. Today is day number 7 and the user has totally ignored me.

This is unfortunately expected, given the recent disputes that I've seen popping up against him. It's likely that he will just ignore this and continue to try and deal with others.

Yes this is very unfortunate as he is a vendor with many completed deals.

He's such a loser. Kid scams for \$500 and continues to deal on here like nothing happened. Honestly feel bad for people like him.

Best of luck getting this resolved; although, I'd be surprised if he even addresses it.

Dopamine - December 8, 2020, 9:05 am

Sorry for your loss OP....

This is a bitch move from him.

I don't like being taken advantage of, elmahi made a poor choice to ghost me over \$40

Sleezy scamming for bytes, I think someone can reverse this bytes deal.

You took advantage of me.

"But anyways, doesn't hurt keeping you updated."

L0RE - December 8, 2020, 9:46 am

He's acknowledged his other disputes and makes fun of it on one of the threads he made. What a prick

Whats wrong with good business?

How pathetic, having to scam for \$40. LOL His mom probably never knew how to keep food on the table. Guess it really is hard to take the ghetto out of the kid.

Motusora - December 8, 2020, 10:51 am

Lrrr is a good guy, he doesn't deserve this .

Deal - December 8, 2020, 1:35 pm

I'll put this here: <https://hackforums.net/showthread.php?tid=5508082>

I MM'd a deal between Mama Cow and another user a couple days ago. No issues and they had a

smooth exchange.

Use a MM, even if it's a small amount.
