Mama Cow AKA simpcity

He stopped posting after the compilation thread. My guess is he's going to take a break to let people forget about him so he can fly under the radar and keep pulling his shady shit.

He is trying to keep his scamming in intervals so staff doesn't kick him right away. What a cuck.

**Porn** - December 9, 2020, 4:30 pm

I don't think he cares anymore lol he's selling carding software in member auctions and recently scammed 5 people for over \$1,000+ and then changed his name.

**Gary Clark Jr.** - December 9, 2020, 4:56 pm

Thanks for this community alert, Lrrr. Hopefully, he'll be gone soon.

No place for LQ scams like this on HF.

**Rezon ®** - December 10, 2020, 12:38 am

What a fucking horrible scamming little prick.

Admins - Surely this isn't someone you want scamming your members?

**Angela White** - December 10, 2020, 12:41 am

If he gets closed and I sold him resale rights that allow him to sell my software on HF, does that technically give me re-sale rights back? ??

I mean if he's not allowed back on HF how can he sell the program on HF ??

If he's closed, he can't come back anyway. Even if he does, the contract was for his current account, not a new one.

I don't understand how he's not closed yet.

**Blogger** - December 18, 2020, 12:06 pm

Same.^ I know HF doesn't get involved, but I think this is one of those exceptions. A lot of recent scams to his name and there is no sign of him stopping.

**Stanley** - December 31, 2020, 1:09 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,  
Stanley

If you get re-sale rights back, then what is stopping me from releasing the source code publicly? ?

Don't scam and you don't have to worry about it. If you want to release the source code that you already purchased from me for free, be my guest. Only person that hurts is you. I already made my money off of it.

Sad you turned to scamming, you had good potential here on HF.
