Thread: [Hackuman Resurrection Spell](#)

Xerotic - December 9, 2020, 6:08 pm

Introducing.... Hackúman Resurrection Spell!

Did you recently lose a valuable HUM in battle? Now you can recover it with a resurrection spell!

The Resurrection Spell can be used on HUM that have been destroyed in battle within the past week. Resurrection spells are level locked based on the HUM that earned it. To earn the Resurrection Spell, you must complete a [Dungeon](#) against Stanley.

Dungeon participation requires crew placement.

Once you have beaten the dungeon, head to the [Home](#) tab and check your Inventory. You will see your new item ready to use.

Enjoy.

I've debated using my eggs as I figured they would just be killed, but I think I might use them now. Nice addition if you ask me.

Edit - After reading this again, I'm still SOL haha, I'm not in a crew

Lavish Living - December 9, 2020, 6:26 pm

This is actually huge... first real crew vs crew stuff?? Idk didn't see it all I just quickly looked on my phone.

Release the black market so I can buy a HUM. Thanks.

Gary Clark Jr. - December 9, 2020, 8:34 pm

Looks like you can't revive a HUM that you killed on your own :(

Michael - December 10, 2020, 1:45 am

Sweet juicy update.

Now for the questions:

1. Can you revive a HUM more than once? Let's say I kill Stanley, get the spell, my HUM gets killed, I use the spell, my HUM is back, I kill Stanley again, I get the spell, my HUM gets killed, I use the spell, my HUM is back.

2. Is the dungeon still a practice ground? Only uses moves? My HUM won't vanish if it gets killed by Stanley? Real HP won't be lost?

3. Saw you added the "Enemy Dungeons" tab, any upcoming announcement on that? Or is it still now finished?

I need want to know the answer for this questions as well...hoping to hear clear things before trying it out.

I reckon there's going to be a super long cooldown for this item?

Also would like to know as well! before i just go head into dungeons :P

I tried the dungeon.

Hard af if you're solo... actually might be impossible with 1 hum vs stanley tbh. 5sec cooldown for the attack timer, while Stanley fcking dicks on you.

It doesn't affect your HUM at all outside the dungeon tho.

still takes moves though right?

I actually love this, would go good in battle. I would state rising the price for the item.

Can confirm that it does. Wish it could only take up a certain amount if it was going to - like 10 per dungeon run.

Stork - February 2, 2021, 6:42 pm

Damn wish I would have known about this earlier lol

A Nobody - April 11, 2021, 5:03 pm

Holy shit, I NEED to join a crew. I feel devastated when I lose a Hackuman I been working on that I've beefed up with 10 eggs.

That's part of the game and it will makes you more competitive in the coming days.
