Thread: [DOMINATE REDDIT TRAFFIC - PERFECT FOR ADULT TRAFFIC - LIMITED COPIES](#)

Dominate Reddit Traffic

The method is perfect for getting traffic, especially in the adult zone. Not so much for redirecting traffic to websites.

Perfect for redirecting traffic to any social media - Snapchat, IG and etc.

With 1 Reddit account you will be able to get around 100-300 Adds on Snapchat.

I tested it with 10 Reddit accounts with an Adult CPA offer. Will attach proof below. Adult isn't my niche tho.

Perfect for eWhores, if this is your thing. Feels too low for me.

The method is almost fully automated by me, you will receive the software for it. Highly scalable.

I cannot say that this hasn't been done before but a really small number of people are utilizing this method, especially for adult marketing.

Price: \$150 BTC/ETH

Copies Remaining: 4/7

I can sell the first copy with a discount in exchange for a review. In that case the price would be \$75.

They are not serious bugs, the program still functions properly but for example not every kind of reddit account will work.

They need to be with verified email and a lil bit of karma (like 100-200 min).

The method tho - haven't seen something like this one before, really thoughtful and smart from OP. Even with the bugs in the software that will hopefully be fixed you can still get tons of adds. So far it's been less than 24 hours and I've gotten more than 500 adds with 2 accounts and made a couple of sales.

Made my money back + profit in the first day.

How many adds did you get with those 10 accounts?

Any other investment required besides the accounts?

How much time does it take to set this up?

Around 2100-2200 adds in total.

Nope, you just need to buy Reddit accounts and proxies.

I've given 2 options to execute the method. The first takes max 60 minutes to set it up, the second much less.

After that it takes like 5 mins with each reddit account. Of course you can skip a lot of the stuff and make everything faster and get slightly less adds on Snapchat for example.

So it's \$150 to download a basic reddit bot and post? That proof of payment is laughable, it could be anyone...

The method is not about reddit posts and etc mate. It's something else, can be done without even posting anything.

I will post proof from the CPA network in a day or two when I get home.

GreyGorilla - December 15, 2020, 9:07 pm

Can you PM me screenshot stats from the network?

Also any additional investments required?

Like a bot etc or it's included already?

You say expected adds are 100-300 per acc, in what timespan? And how much time do i need to spend per acc, or it's "set & forget"?

Kway - December 15, 2020, 10:21 pm

300 Reddit adds and €200 every 5 days? Is this a joke?

Other than investment for reddit accs and proxies, no.

It's included.

Like a day or two max. A couple of minutes per account is required.

I actually came up with another idea in mind for the method but adult stuff would be much more efficient for it. Also the payouts for the offer were small as I couldn't get in a nice CPA network.

I apologise for doubting you then, from a ewhorers perspective that's very poor, if that's not made in a day for me then it's a bad day.

It would work if you are funneling them thru Snapchat for example. Otherwise you won't get the results you expect.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
