Thread: [With the Coronavirus vaccine and a new regime at Whitehouse, are we out of the woods](#)

ScorpionX - December 14, 2020, 2:24 am

With the Coronavirus vaccine and a new regime at Whitehouse, are we out of the woods yet?

Dopamine - December 14, 2020, 2:38 am

Not until mid or end 2021.

Forensic - December 14, 2020, 3:23 am

It's over in America around January 15-25. Natural immunity is better than a 95% vaccine and now the US has both in abundance. Other countries may take a little while longer.

Hopefully when it's over in America, other countries follow suit.

How exactly? Let it run through their populations for two months?
