Thanks for doing this bro!

I checked the website, it seems cool. I need to find a place where I can get 1000-2000+ different working addresses. PM me if you can offer something

Hey, we are currently still developing more functions and features for the site. We are also adding residential proxies hopefully by the end of the month, so stay tuned.

Mr. Atlas - January 3, 2021, 3:28 pm

hello, the old proxy you posted still work? or do you have to update the whole proxy list every day?

Hey, our server will update the proxies on our website every 24 hours from this URL at 23:59 UTC +0. I only post the first 10 - 20 lists of the list, the full list is available to download on our website in (.txt/.csv). We will add more file types soon as ongoing development continues as we continue to grow.
