I'll do a speed test when I'm at home that was the last test I did on my Xbox

siddy357 - December 21, 2020, 6:39 pm

I get 5% of your speed in the first few days of the month.

Voxi - December 21, 2020, 6:42 pm

Pretty good in my new flat :)

shreder - December 21, 2020, 7:04 pm

Not that bad we use to pay more or less.

Mix - December 21, 2020, 8:03 pm

30 mb down and 4.3 up.

I fucking hate where I live honestly...

Nima304 - December 21, 2020, 8:05 pm

I've got 1Gb/s up and down, get on my level.

Yanix - December 21, 2020, 9:34 pm

Our internet is the worst I guess and also the expensive internet in the world lol

psychopaticpigfukker - December 21, 2020, 9:44 pm

thank you guys

you have a nice connection speed

jecoylecoy - December 21, 2020, 9:54 pm

I had a max speed of 0.04 Mbps at home :(

Lyrarei - December 22, 2020, 12:45 am

I have 10 mbit at home and 100 mbit and in my father's office. which is soon to go down because of covid =)

2xTheTap115 - December 22, 2020, 1:58 am

On home wifi it looks like this:

Michael - December 22, 2020, 2:22 am

A friend of mine reaches upwards 750 Mbps and 50 Mbps upload.
Kind of expensive though, around 75€ per month.

Exalted - December 22, 2020, 2:31 am

Eh, it's good enough for around €40,- a month.

??e rando? d??c? g?y - December 22, 2020, 3:02 am

My internet is slow AF, 50 euros a month

Blogger - December 22, 2020, 9:37 am

Meh. She go.

Saix the Berserker - December 22, 2020, 3:33 pm

Has its good and bad days, but it's the best I can get where I'm at.

RTKN - December 22, 2020, 3:40 pm

sometimes good sometimes not

psychopaticpigfukker - December 23, 2020, 10:31 am

ANTHONY - December 23, 2020, 10:49 am

upload kinda trash but whatever

?roye - December 23, 2020, 12:40 pm

I'm currently hiding from the Talibans in Afghanistan. I'm grateful for this. My butt hurts from trading

my ass for this piece of shit internet.

Blogger - December 23, 2020, 3:02 pm

This thread is making me realize how shitty my internet is. lol

?ystem - December 24, 2020, 11:27 am

181Mbps Down/ ~10Mbps Up.

Nothing too special when compared to these astonishing speeds many other members have but I'm happy with my results.
