Going to leave a short review here. After some initial hiccups, OP delivered me a working account with 150ish adds and I was able to generate leads with it. OP definitely knows whats up and how to get stuff done :D I would definitely recommend his traffic service :)

I'm working on something less confusing with designer, sorry for that mate, we have made a mistake in table price lol

btw, vouche price is : 0.3\$/adds, whatever amount of adds your order, in premade accounts.

We have adds in stock directly or you can pick give your pack's photo and get your account ready in 6 to 24h

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Expert? (x) Doubt.

Either way I'm not gonna sale bash. His professionalism can definitely use work, but I don't know the quality of this specific service he offers. I hope it's good for the sake of his customers.
