Dreamers Weekly Member Upgrade Contest

The Dreamers group will be posting a new contest every week! The contest will be for 1 member upgrade. If the winner is a non upgraded user, he will be upgraded to a Lifetime L33T member. If the winner is already a L33T member he will be upgraded to an UB3R member for a year.

How do I win:

To enter, all you must do is comment on this thread detailing why you believe you deserve to win. We will choose a winner each week based on the entry posts we receive.

Your post may be about any topic, but must contain substance. You may also link important threads or posts that you think we should be aware of.

We will pick the member we think most deserves the upgrade. This valuable member of the community will be upgraded, and we hope to see them stick around.

Notes:

Please be mindful of the site requirements to be upgraded to both Ub3r and l33t!

Please only post your application one time! You may reply to other's applications.

You didn't win? Don't worry about it! Just wait for next week's contest and try again. Maybe you'll have new things to show or tell us!

Past Winners:

2. [MiSHo](#)

Decided to give a shot at this, i have seen many posts from members of Dreamers; a great group with a nice reputation on these forums.

Besides from my wish of joining a group in the future i would really like to get Uber on here. So i get

full ability's on here and can also rep +3!

I like sharing stuff on here and also i like to share my knowledge so everyone can get better in whatever way they like.

To prove this i have added some topics i am actively maintaining providing free stuff to everyone;

Good luck to all who are joining! I myself got my first upgrade through a giveaway (l33t), it really is a big difference getting from a normal status to l33t!

And now I'm a broke again with an expired ub3r haha!

Fellow Man - December 29, 2020, 8:04 pm

Good evening,

I am really thrilled to see you are doing this giveaway. I have been a member of this community for some time now but am mostly active in the marketplace section. I am trying to get more alert and active in the lounge etc. because I love interacting with the community members. One reason why I think I deserve an upgrade to L33T would be because of my honesty and personality. I am a very friendly person who tends to interact with the people who feel like outcasts. I try to make everybody feel included. This year Christmas was very different for my family and I as I was laid off at the beginning of the year due to this COVID mess.

I wasn't able to get my family everything they dreamed of this year but I still feel extremely blessed just to spend some extra time with them and really bond. I believe the family time is more than enough and I am thankful I have a family to count on in these hard times. My plan was to upgrade this year but with the whole COVID mess, I think if I don't win this giveaway I'll just have to wait until 2022 when COVID raps up and I can feel a little more comfortable with the decision.

Even If I don't win, I won't be bummed out and I will keep my head up and congratulate the winner

because I know someday I will indeed be L33T and UB3R.

Thank you for your time and I wish you all a Happy New Year!

It's to take my entry. My uber will expire after few days so, I'm posting to enter the contest. I have spent all of my money for my new graphic tablet (since my sister broke my old) so I'm broke af and I can't afford to get my uber upgrade.
