TIK TOK AUTOMATION SOFTWARE

These days it's very hard to find good social network to drive traffic to your affiliate links.

Tik tok is generally new, but still growing number of people who use tiktok is huge!

With my software you can now automate tiktok! What can be automated? Following, commenting, liking...

Did you know that likes currently on tik tok have limitation to 500 likes per day? so, if you have 10 accounts that is 5000 likes PER DAY!!!! That's a lot of potentials clicks/leads since they all get notification. Using my software and proper timing will never get you shadowbanned!

Q : Why should i use your software?

A : There are other tiktok automation tools but they are very expensive. 35\$ per account is just rude. Besides that, i am very responsive and i am working everyday to improve the software. If there is a market for tiktok software i will surley add more options in the future.

Q : Do you offer refunds?

A : If the software doesn't work you can get refund.

Q : I have a problem with the software, can you help me out?

A : Sure! Send me a pm here or on telegram and i will be happy to assist you.
