Evading - January 2, 2021, 4:33 pm

Also another question this weapon level up stuff, will that carry over to multiplayer & warzone?

Arkane21 - January 2, 2021, 4:38 pm

Everything carries over to multiplayer. All unlocked levels, camos, calling cards.. everything.

Warzone, I cannot confirm. I would like to test this out with someone who is willing to give me some of their time for testing. \$2 off for a tester on their next purchase to test for Warzone compatibility.

Edit: User SIM-4210348 has confirmed that everything carries over to warzone as well.

Thank you for testing.

You won't have to leave game at all, simply switch classes in the game and I'll turn off god mode so you can die and respawn with new class ?

Yes it is.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Unlock Weapon camos 10x faster using my services. On average, customers are able to unlock all camos for at least two guns in an hour. These camos can be used in multiplayer. Your weapons will transfer over to Warzone as well.
