Thread: [T3AM V1RUZ HACKING CLAN RECRUITING](#)

The Grand Oracle - January 4, 2021, 9:17 am

Salutations

Welcome to T3AM V1RUZ

We are a hacking clan with a focus on BLACKHAT ACTIVITY

Our team currently consist of 5 members, but we are viciously expanding

(bold)

Our activities include:

- DDOS/GRIEF MINECRAFT SERVERS
- DOX/HACK ENEMIES OF T3AM VIRUZ
- DEFACE MINECRAFT SERVER WEBSITES
- SCAM/HACK CSGO KNIFE
- FORTNITE AIMBOT/WALLHACKS
- STEAL RUNESCAPE ITEMS

(bold\)

Because of our [PREMIUM] tools and [PRIVATE] methods, we are able to hack targets with 100% success rate.

We are currently utilizing many tools, such as:

- LOIC (Low Orbit Ion Cannon)
- (color blood red)- Warzone RAT (most advanced RAT in the market)(color blood red\)
- Predator Keylogger
- (color hacker green)- CYBER CRYPTER 2.1.B(color hacker green\)
- HMA VPN

If you want to joiin please fill out the aplication below but please do not spam my PM I constantly have messaages every day from annoying ppl that want to join but this is a very skilled hacking group so not everyone can make the cut just be a good kiddie apply below and be patient. You must be over 11 no squeakers.

Application:

CODENAME:

Strongest skill (RAT, SE, JACK, DDOS, DOX, CRACK, HACK, CRYPTER, ETC):

What games do you play:

Which doxing tools do you use (pipl, spokeo, google, etc):

Approx how many private methods do you have:

What is your favorite hacking tool:

Write a script to social engineer minecraft server admin to download your RAT:

Would you prefer DOS or DDOS:

Do you know how to whale a keylogger:

Only read if you make the team:

If you do not have the tools please download them or you will not be able to hack

Standby for first mission briefing

V1RUZ K3YLOGGER, signing off

Currently we do not have an official group but one of our members has just purchased "\$500/DAY
=> THE #1 VOUCHERED and PROVEN PRIVATE MONEY MAKING SYSTEM <= [EARN or
REFUND]" from the eBook Bazaar so we expect to be able to afford one in a few days.
